Creating the home of
YOUR DREAMS!

Dear Valued Customer,

I am happy and proud to tell you that as promised, we have commenced delivery of apartments at Shantiniketan Altair from June 2014. Many other developments nearby which had commenced earlier than us (or at the same time) are still many months away from delivery! Our commitment to completion and delivery has resulted in an appreciation in price of over 17% and that too in a stagnant market. With an upturn being witnessed in the IT sector and the upcoming Japan City Project 10 kms to the south of Altair, the appreciation is likely to be even better in the coming years, vindicating your timely decision to buy.

As of now, over 100 clients have taken possession. Over 65 flats are occupied or are in the process of being occupied. The Altair community is beginning to take shape as evidenced by the good participation of young and old residents in the functions organized by us for Independence Day and Deepavali at Altair.

As per the last commitment made by the local administration, the road from Kelambakkam to Shantiniketan Altair will be completely relaid (not just resurfaced) within the next 8 weeks. We on our part will be landscaping the OGR in 3 to 4 months at our cost.

It has been our endeavour to create a well knit community at Altair. And for this we periodically organize events as well as other get-togethers under the Good Neighbours Relationship Program (GNRP). The last two events - premiere tickets to the movie "Aaraamban", and sponsorship of Crazy Mohan's popular play "Chocolate Krishn" were a great success. Once again, we plan to invite all our valued clients to a new movie show in January 2015. This will probably be one of the Pongal Releases. Our sales personnel will get in touch with you shortly, with details of both the movie and the benefits offered under the Good Neighbours Relationship Programme.

WITH BEST WISHES TO ALL OF YOU FOR YOUR NEW HOME,

YOURS SINCERELY
